

# **ICCM** *International Committee on Composite Materials*

The following nations are not yet Member Nations, but were represented by one or more participants at recent ICCMs.

***They are cordially invited to apply for membership.***

The application should be signed by at least five (5) individuals from that country, involved in composites science and engineering, and endorsed by an Individual Member of ICCM (*someone from a member nation who has participated by full registration at an ICCM conference*) at the latest one month before the start of ICCM23 i.e. by June 30, 2023.

Please contact Acting President Pascal Hubert or any member of the Executive Council for more information.

Membership will be granted to new Member Nations during the first Executive Council of ICCM23 (Belfast 2023), so that participants from these new Member Nations will be eligible to cast votes at the General Assembly of ICCM23 on August 2, 2023.

**Pascal Hubert, Acting President**
